ANNEXURE A
Explanatory Note on the Draft Development Plan-2031 A.D., for Controlled Areas of Farukhnagar.

INTRODUCTION:

I. Background:
Farukhnagar, about 21 kilometres from Gurgaon is a town, octagonal in shape and was founded by a Baluch Chief, who was a Governor appointed by Emperor Farukhsiyyar, after whom the place was presumably named. Faujdar Khan assumed the title of Nawab in A.D. 1738 and the Nawabs of Farukhnagar played an important role in the history of the town till its annexation by the British. This estate was confiscated in 1858 because the Nawab had participated in the 1857 uprising.

The old buildings in the town include Shish Mahal alias ‘Palace of Mirrors’ and its attendant gate-ways built by Faujdar Khan in A.D. 1733. Shish Mahal is one of the local historic attractions. This major protected monument is a rectangular double storied edifice built with local stone, slate and lime. The interior of the palace is decorated with magnificent and elaborate mirror works, which is similar to the work of Mughal palaces at Delhi Red Fort. Within the complex of the Sheesh Mahal, there is a jail, which was used as a torture chamber. The other prominent buildings include a Mosque known as Jami Masjid, and a large octagonal baoli (well) with stone staircases made during the Jat occupancy.

There is also a shrine of Budho Mata situated at Mubarakpur, a village 5 Km away from Farukhnagar, where fair is held every Wednesday.

II. Climate and Topography:
The topography of the town and its surrounding is primarily a plain area, with slight gradient towards the north. The town and the surrounding region have sub-tropical continental climate. The rainfall is very scanty and is mainly concentrated during the monsoon season. Hot summer, cool winter and unreliable rainfall are the peculiar features of the region. The soil being laterite type, is not very fertile. The underground water level is very deep and irrigation mainly depends on rainfall and ground water.

III. Location and Regional Setting:
Farukhnagar town is Sub-Tehsil of Gurgaon District. The town lies on Jhajjar-Gurgaon State Highway No.15A. The town is located in south of Haryana State at a distance of approximately 21 kilometres from Gurgaon, 27 kilometres from Jhajjar, 20 kilometres from Pataudi and 52 kilometres from the National Capital Delhi. The town is just 3 kilometres away from the Kundli-Manesar-Palwal Expressway towards west.

IV. Traffic and Transportation:
The town of Farukhnagar is well connected through the road and rail network. The town is connected to Delhi and Rewari through broad gauge railway line. The existing broad gauge railway line Delhi to Rewari has made commuting easy for masses and promoted the growth in the region by connecting it to the main towns of Gurgaon, Rewari and Delhi. The existing Jhajjar-Gurgaon State Highway acts as main artery of the region connecting the town
of Farukhnagar to the other main towns i.e Jhajjar, Gurgaon and Rewari. In addition to above, the town is situated in the vicinity of Kundli- Manesar- Palwal (KMP) Expressway.

V. Economic Base:
As per census of 2011, the population of the town is 15715 persons, which is mainly engaged in trade and service. The agricultural economy also has a significant share and after completion of construction of KMP Expressway, it will provide impetus to the growth of the region. The town in near future is bound to experience stupendous growth due to the various theme hubs such as World Trade Hub, Entertainment Hub and Fashion Hub proposed along the KMP Expressway and the vicinity of Sultanpur National Park-Eco sensitive Zone. In addition to above, good order educational facilities available in the town have really uplifted the economy of the area. The private institutions like Global Institute of Technology and Management (GITM), World College of Technology and Management (WCTM), KNS World Management College etc have set up their campuses at Khera Khurrampur and have attracted students from all walks of life thereby generating economy for the town.

VI. Social Infrastructure:
Farukhnagar town has Degree Colleges, High Schools, Hospital, religious and heritage buildings such as Sheesh Mahal, Bawri, Jama Masjid, Delhi gate etc. Thus the town can boast of its good educational and religious infrastructure, but the town lacks in other social infrastructure such as parks and open spaces, community buildings etc.

VII. Demography:
The decade wise population growth rate of the town since 1991 up to the perspective year 2031 is given below:

The population of Farukhnagar town as per 2011 census is 15715 persons spreading over an area of 80 hectares attaining a growth rate of 65.05%.

In the following decades i.e. 2011-2021 AD and 2021-2031 AD, an induced growth rate has been envisaged keeping in view the pace of development and the upcoming projects such as Kundli- Manesar- Palwal Expressway and the various theme hubs like World Trade Hub, Leisure Hub and Entertainment Hub etc. proposed in proximity along the KMP Expressway. Similarly, the vicinity of Sultanpur National Park (Eco Sensitive Zone) is also another factor for the growth of the population. In addition, the impact of the rapid development of Gurgaon city has also been taken into consideration. Therefore, the Draft Development Plan of Farukhnagar is prepared for a population of 1,25,000 by 2031 AD.

The residential areas proposed in the Development Plan shall be developed on neighborhood concept by making provision of all community facilities and services within the sectors on average net residential density of 250 persons per hectare. One pocket of 18 hectares in sector-1 adjoining
interchange has been reserved for low and medium income group housing with high population density of 450 persons per acre (PPA) or 1125 persons per hectare (PPH).

The following proposals are made to absorb the impact of increased residential density:-

a. The additional area for infrastructure shall be provided in the already planned/developed residential sectors to meet out the requirement of the additional population.

b. The minimum width of the roads in a residential colony/sector shall not be less than 12 meters.

c. The minimum area for parks/open spaces in a residential colony/sector shall be planned in such a manner that it shall meet the minimum norm of 2.5 square meters per person.

About 64.40 hectares of land has been proposed in sector-6 and 7 for development of industries. The industrial area has been provided on south-east side of the town. The industrial sectors have been segregated from the residential and public and semi-public sectors with a provision of 30 meter wide green buffer. Moreover, the industrial sectors have been planned considering the prevailing wind direction.

Transport and Communication:
An area of about 145.50 hectares has been proposed for the transport and communication uses including the land under sector roads. Keeping in view the future requirement of transport depots, parking areas, telephone offices and communication etc., a separate sector-8 having an area of about 22.00 hectares has been proposed. The location of the sector has been proposed considering its easy accessibility from road and rail network.

The road network of the town has been designed to facilitate smooth traffic flow and the hierarchy of roads has been maintained to stay abreast with the future traffic volume. The periphery roads have been proposed to be of 75 metres and 60 metres width and the sector dividing roads of 45 metres. Besides, some of the important existing roads have been proposed to be widened to 45 metres with 30 metres wide green belt on either sides to improve the road connectivity with surrounding region.

The classification of roads with their land reservations has been indicated in the following table:-

Both these sites are falling in agriculture zone.

Public and Semi-Public Uses:
An area of about 145.00 hectares has been earmarked for this use in sector 5 on south-west side of the town. The sector has been proposed considering the concentration of reputed colleges and management institutes on this side, especially in and around the revenue estate of village Khurampur.
