1. Gurgaon-Manesar Urban Complex Existing Land Use Plan Drawing No. DTP(G)1405/05, dated the 22nd July, 2005. (already published vide Haryana Government, Town and Country Planning Department, Notification No. CCP(NCR) DDP(G)/ 2006 /1697, dated the 11th July, 2006).

Annexure 'A'
EXPLANATORY NOTE ON THE FINAL DEVELOPMENT PLAN 2021 A.D. FOR THE CONTROLLED AREA OF GURGAON-MANESAR URBAN COMPLEX.

Introduction:
The Gurgaon-Manesar Urban Complex which is known for Automobile Industries, Modern Commercial Malls, Towers of Cyber Parks and Software Development is situated on prime location on National Highway No. 8, only at a distance of 4 kilometers from the Indira-Gandhi International Air Port and is well linked with all capitals of the world through airways. The name of this town emerged on the world map in 1972, when world famed Maruti Industry was set up in Gurgaon with the collaboration of Suzuki Company of Japan. Now with the coming up of multinational companies like Hero Honda Motor, Honda Motors Ltd, Denso etc. in automobile sector and Microsoft, I.B.M. Nokia, Canon, Dupont, Sapient, British Airways, American Express, ABN Amro Bank, Alcatel, Nestle, Convergys, Hewitt, Vertex, Fidelity Investment, E.Value, Keine World India, Becton Dickinson India Private Limited in software development sector; the Gurgaon-Manesar Urban Complex has become abode of International Companies. With the result, the biggest cyber city of India spreading in an area of about 90 acres in addition to numerous cyber parks are being developed in Gurgaon itself within a radius of 15 kilometers from the International airport in private sector to accommodate the needs of software development units of multinational companies.

The availability of high level infrastructure of Airways, Railways, Highways, International Embassies and world famed medical and educational institutions in its close proximity at National Capital of Delhi have become the main factors of attraction for international companies for setting up their business at Gurgaon. In order to meet the demand of foreign investors and also to set up high-tech non polluting industrial units, the Haryana Government initially with the collaboration of Japanese entrepreneurs started setting up Industrial Model Township at Manesar in 1992 through Haryana State Industrial Development Corporation. The said Corporation has developed about 700 hectares land at Manesar and now the developed land is being made available to all entrepreneurs of the world including India.

The Haryana Urban Development Authority in public sector and licenced colonizers in private sector through Town and Country Planning Department have also played prime role in achieving planned development in Gurgaon-Manesar Urban Complex. The Haryana Urban Development Authority and the licenced colonizers collectively have developed about 8000 hectares land for residential, commercial, institutional and industrial purposes to meet the increasing demand of the public.

The areas of Gurgaon-Manesar Urban Complex which have so far been developed in public and private sector including existing town and village abadies would accommodate 22 lacs population. In order to cater the
future demand of Gurgaon-Manesar Urban Complex an additional area of 21733 hectares has been added in the form of urbanisable area for the said complex to accommodate 15 lacs additional population. Thus, the total urbanisable area of Gurgaon- Manesar Urban Complex would accommodate 37 lacs population by 2021 AD.

The Gurgaon-Manesar Urban Complex Development Plan for 2021 AD has been prepared on the basis of following planning principles.

(1) ** Provision of additional road links between Delhi and Gurgaon.**

Since Gurgaon-Manesar Urban Complex adjoins Delhi Metropolitan City: mobility between these two urban complexes has been increased by proposing following new road links in consultation with National Capital Region Planning Board and Delhi Government.

   (i) 90 meter wide road link between Vasant Kunj (Delhi Border) in Delhi to Mehrauli road in Gurgaon.

   (ii) 90 meter wide road link from Andheria Mor in Delhi to Gurgaon - Faridabad road in Gurgaon through Mandi and Gual Pahari.

   (iii) 150 Meter wide road link between Dwarka residential complex of Delhi to Palam Vihar of Gurgaon.

**Provision of 150 meter wide northern peripheral road and 90 metres wide southern peripheral road.**

For smooth flow of inter-city traffic and intra-city traffic of Gurgaon -Manesar Urban Complex, a 150 meter wide northern peripheral road and 90 meter wide southern periphery road has been proposed. The take-off point of this road from NH-8 shall be before Toll-Plaza towards Gurgaon.

**Provision of 75 meter and 60 meter wide sector dividing roads.**

For new urbanisable area, the widths of all sector dividing roads have been kept as 75 meter and 60 meters.

(2) ** Provision of special economic zone.**

In order to facilitate the Indian entrepreneurs to compete foreign market, under the Special Economic Zone Act and for the purpose of boosting the economy of the state, a provision of special economic zone has been made in the Development Plan wherein non polluting industrial units associated with high technology and high precision would be set up.

**Proposed Land Uses: -**

The extent of various land uses as proposed in the Development Plan 2021 are given as below: -

1. Residential

In order to cater the projected population of 37 lacs, an area of 14930 hectares has been reserved for residential purpose. The Haryana Urban Development Authority and licensed colonizers have already developed residential area of 8000 hectares in various residential sectors of this Development Plan. The aforesaid residential areas developed in public and private sectors would accommodate population of 20 lacs. The existing town and village abadies falling within the urbanisable area are also accommodating 2 lacs population. The additional residential area proposed in the Development Plan would cater the residential demand of rest of the 15 lacs projected population. The residential areas proposed in the Development Plan shall be developed on neighborhood concept by making provision of all community facilities and services within the sectors on average net residential density of 200 persons per hectare.

2. Commercial

In the Development Plan an area of 1404 hectares land has been reserved for commercial purpose, out of which Haryana Urban Development Authority has developed 480 hectares land. The new commercial areas proposed in the Development Plan shall be developed in the form of big commercial malls and corporate commercial complexes. In addition, the commercial belts with a width of 200 metres have also been provided along the selected roads to cater the needs of the surrounding areas.

3. Industrial

The demand for developed industrial plots / land in Gurgaon-Manesar Urban Complex is increasing day by day. In order to cope with the demand of software industries, Auto Mobile industries and other pollution free high-tech industries; an area of 5441 hectares has been reserved for industrial use. The Haryana State Industrial Development Corporation and Haryana Urban Development Authority have already developed an area of 1246 hectares in the said complex. The new industrial areas have been proposed along express highway adjacent to IMT Manesar.

4. Transport and Communication.

For solving the intercity and intercity traffic problems of Gurgaon-Manesar Urban Complex, the new road links between Delhi Metropolitan City and the said Complex have been proposed as mentioned below:

(i) 90 meter wide road link between Vasant Kunj in Delhi to Mehrauli road in Gurgaon.
(ii) 90 meter wide road link from Andheria Mor in Delhi to Gurgaon - Faridabad road in Gurgaon through Mandi and Gwal Pahari.
(iii) 150 Meter wide road link between Dwarka residential complex of Delhi to Palam Vihar of Gurgaon.

In the new urbanisable area the width of sector dividing roads have been proposed as 75 meters and 60 meters. Haryana Urban Development Authority has already developed Auto Market in sector 10 in an area of 16 hectares. A Transport Nagar has also been developed by Haryana Urban Development Authority in an area of 28 hectares in sector 33. In order to cater future demand of the public, the Transport Nagar and Container Depot have been proposed adjoining to Delhi-Rewari Railway Line.

An additional "Mass Rapid Transit System Corridor" along the 150 m northern link to Delhi extending from "Dwarka" in Delhi has been proposed in the Final Development Plan 2021, extending upto Inter State Bus Terminal proposed near village kherki Daula. The area shown under Inter State Bus Terminal is approximately 400 acres, which can be very appropriately used for Inter State Bus Terminal-cum-Mass Rapid Transit System Depot. Another Mass Rapid Transit System Corridor has been proposed along Mehrauli Road, 60 meters road of sector 28-29, the same is proposed to be extended upto the 90 meters link road (proposed to Delhi via, Gwal Pahari), and then further along the said 90 meters road upto the Inter State Bus Terminal, thereby completing the "Mass Rapid Transit System loop"; and then extending there-onwards to Manesar.

Land reservation for major roads marked in the Drawing shall be as under:-

The width and alignment of other roads shall be as per sector plans or as per approved layout plans of colonies. The area under green belt and sector roads shall not be included under 'net planned area' while approving layout plans for colonies to be developed by HUDA and private developers. The Floor Area Ratio and saleable area shall continue to be permitted only on the net planned area.

5. Public Utilities
An area of approximately 564 hectares has been proposed for public utilities in sectors 100, 101 and 107 to meet out the future need of the proposed population.

6. Public and Semi-Public
In order to cater the institutional demand of 37 lacs population, an area of 1630 hectares has been proposed for public and semi public uses out of which an area of 135 hectares have already been developed by Haryana Urban Development Authority.

7. Open Space
A 900-meter wide strip of land around the ammunition Depot has to be kept free from urbanization under the provision of the Works of Defence Act, 1903(Act 7 of 1903). Provision of green belts along Delhi-Jaipur Highway, Railway line and Badshahpur Nallah has also been made to meet any eventually of their possible widening in future. Large open spaces have been proposed near Village Basai, Dhanwapur, Medawas and flowing greens in other residential areas.

In the open space shown in sector 72 and sector 72-A, the storage of water in the form of artificial water body shall be planned. This would help in re-charging the ground water on the one hand and would also avoid flash floods. Besides, it will add to the aesthetic beauty of the area.

The green belt shown along the sector/arterial roads shall be primarily meant for the widening of the sector/arterial road in future. However, till such time the widening does not take place, the said area may be utilized for nursery/plantations, fuel-filling station, communication lines, utility services etc. with the prior approval of the Director.

8. Special Zone
Special zone shall include recreation and entertainment, commercial, group housing and institutional uses.
9. Agricultural Zone

A sizeable area has been reserved as agricultural zone. This zone however will not eliminate the essential building development within this area such as the extension of existing villages, contiguous to abadi deh, if undertaken under a project approved or sponsored by Government and other ancillary and allied facilities necessary for the maintenance and improvement of the area as an agricultural area.

ZONING REGULATIONS

The legal sanctity to the proposal regarding land use is being given effect by a set of zoning regulations which form part of this development plan. These regulations will govern the change of land use and standards of development. This also very elaborately detail out allied and ancillary uses which will be permitted in the various major land uses and stipulate that all the change of land use and development shall be in accordance with the details shown in the sector plan thereby ensuring the preparation of detailed sector plans for each sector to guide the development and enforce control.

III. Major Land Uses/Zone:

(i) Residential Zone
(ii) Commercial Zone
(iii) Industrial Zone
(iv) Transport and Communication Zone
(v) Public Utility Zone
(vi) Public and Semi Public Zone (institutional Zone)
(vii) Open Spaces Zone
(viii) Special Zone
(ix) Agriculture Zone

(2) Classification of major land uses is according to Appendix A.

IV. Division into Sectors:

Major land uses mentioned at Serial Nos.(i) to (viii) in zoning regulation-III above, which are land uses for building purposes, have been divided into sectors as shown, bounded by the major road reservations and each sector shall be designated by the number as indicated on the drawing.

V. Detailed land uses within major uses:

Main, ancillary and allied uses, which are subject to the other requirements of these regulations and of the rules, may be permitted in the respective major land uses zones as listed in Appendix B sub-joined to these zoning regulations.
VI. Sectors not ripe for development:

Notwithstanding the reservation of various sectors for respective land uses for building purposes, the Director may not permit any changes in their land use or allow construction of building thereon from consideration of compact and economical development of the controlled area till such time as availability of water supply, drainage arrangement and other facilities for these sectors are ensured to his satisfaction.

VII Sectors to be developed exclusively through Government Enterprises:

(1) Change of land use and development in sectors which are reserved for the public and semi-public zone shall be taken only and exclusively through the Government or a Government undertaking or a public authority approved by the Government in this behalf and no permission shall be given for development of any colony within these sectors.

(2) For the development of sectors reserved for commercial use, private developers shall be permitted to develop to the extent of 50% of the sector area as per the layout plan approved by competent authority, after obtaining license under Act No. 8 of 1975. Balance 50% area shall be developed exclusively by the Government or a Government undertaking or by a public authority approved by the Government.

(3) Notwithstanding the provision of clause (1) and (2) above, the Government may reserve at any time, any other sector for development exclusively by it or by its agencies indicated above.

VIII. Land Reservations for Major Roads:

(1) Land reservation for major roads marked in the Drawing shall be as under:-

(2) Width and alignment of other roads shall be as per sector plans or as per approved layout plans of colonies.

(3) The area under green belt and sector roads shall not be included under ‘net planned area’ while approving layout plans for colonies to be developed by HUDA and private developers. The FAR and saleable area shall continue to be permitted only on the net planned area.

IX. Non-conforming uses either existing or having valid CLU permission:

(1) With regard to the existing projects located in the zones other than conforming-use zone in the Development Plan, such non-conforming uses shall be allowed to continue for a fixed period to be determined by the Director, but not exceeding ten years; provided that the owner of the building concerned:

(a) undertakes to pay to the Director, as determined by him the proportionate charges towards the external development of the site as and when called upon by the Director to do so in this behalf;
(b) during the interim period makes satisfactory arrangements for the discharge of effluent to the satisfaction of the Director; and
(c) shall not be allowed to expand the existing project within the area of non conforming use.

(2) With regard to the projects having valid change of land use permissions, and located in the zones other than conforming-use zone in the Development Plan, such non-conforming uses shall be allowed to continue, provided that the owner of the building concerned:
(a) undertakes to pay to the Director, as determined by him the proportionate charges towards the external development of the site as and when called upon by the Director to do so in this behalf; and,
(b) during the interim period makes satisfactory arrangements for the discharge of effluent to the satisfaction of the Director.

X. **Discontinuance of non conforming uses:**
(1) If a non-conforming use of land has remained discontinued continuously for a period of two years or more, it shall be deemed to have been terminated and the land shall be allowed to be re-used or re-developed only according to the conforming use.
(2) If a non-conforming use building is damaged to the extent of 50 percent or more of its re-production value by fire, flood, explosion, earthquake, war, riot or any other natural calamity, it shall be allowed to be re-developed only for a conforming use.
(3) After the discontinuance of projects included under clause IX, the land shall be allowed to be redeveloped or used only for conforming use.
(4) After a lapse of period fixed under clause IX (1), the land shall be allowed to be redeveloped or used only for conforming use.

XI. **The development to conform to sector plan and zoning plan:**
Except as provided in regulation IX, no land within major land use shall be allowed to be used and developed for building purposes unless the proposed use and development is according to the details indicated in the sector plan and zoning plan or the approved colony plan in which the land is situated.

XII. **Individual site to form part of approved layout or zoning plan:**
No permission for erection or re-erection of building on a plot shall be given unless-
