Explanatory Note on the Final Development Plan-2021 AD for the Controlled Areas around Power House No. I, II, III, IV and Dadupur Head Works

1. Introduction:
The controlled areas around power house No. I, II, III, IV and Dadupur Head Works, were declared as the pre-emptive move to regulate the development and to check the unauthorized and hazardous construction around power houses on the specific request of the Haryana Vidhyut Prasaran Nigam, formally known as Haryana State Electricity Board. These power houses have been set up on the realigned Hydel channel parallel to the Western Yamuna canal. The entire landscape is predominantly agricultural/rural. The emphasis of State Government is to maintain the ground cover. Some of the pockets in these controlled areas are further notified under sections 4 and 5 of the above said Act where the restriction regarding the forest / trees are more stringent.

1. Land use proposals:
The land use proposals in the Final Development Plan have been proposed to maintain the rural/agriculture character of this area, to encourage afforestation, to check any undesirable construction activity around the power houses and along the Hydel channel and to facilitate the establishment of research institutions akin to the ecology of this area. The following major land use proposals have been made:
