To

The Director General,
Town & Country Planning Department,
Haryana, Chandigarh.

Memo No. LC-2403/7/8/2011-2TCP

Dated: 22.07.2011

Subject: Policy regarding consideration of licence applications for developing IT Park/Cyber Park in residential zone received upto 31.10.2010.

In 26th meeting of IT Committee held under the Chairmanship of Financial Commissioner & Principal Secretary, Electronics and Information Technology Department on 12.05.2011, committee observed in case Logic e-soft Solution Pvt. Ltd. that the land of the applicant company is situated within the designated "residential zone" in the Development Plan where IT Park Projects were no longer permissible in residential zone in accordance with the Industrial and Investment Policy 2011. The committee advised the project proponent to approach the Department of Town and Country Planning, which alone would be competent to take a policy decision as to whether the applications received in the said Department before the notification of the Industrial Policy 2011 would merit consideration in accordance with the old policy parameters or not. Committee was also of the opinion of that in case a policy decision is taken by the Government in the Town and Country Planning that all such cases which have been received in the Department of Town and Country Planning, Haryana upto 31.12.2010, may be considered in accordance with the old policy parameters, the applicant's case would be considered by the said IT Committee.

2. Accordingly matter has been examined, I am directed to inform you that the Government has granted "in principle" approval to consider the applications for grant of licences for developing IT Park/Cyber Park in residential zones of Development Plan which have been received upto 31.12.2010. However, the applications for grant of licence for IT/Cyber Parks and received on or after 01.01.2011 will be dealt with as per Haryana Industrial and Investment Policy-2011.

Further action may be taken accordingly.
